

## Young Man Locally

The Bay St. Louis Jaycees have launched a search for the area's most outstanding young man who, when selected, will receive the Jaycee Distinguished Service Award (DSA) at their Semi-Annual Awards and Installation Banquet to be held at the Jaycee Hall on Saturday, January 27, 1962, according to Gerald Gex, DSA Chairman.

Gex said that the search started this week with any young man between the ages of 21 and 35 is eligible. The general public is being encouraged to submit nominations in writing, the award not being limited to Jaycees. The form for submitting nominations may be found at any public place and is printed elsewhere in this paper and is to be forwarded to Mr. Gex. Deadline for submitting nominations is 12:00 o'clock noon, January 24, 1962.

Last year's winner was E. J. Marengo, local Tom's Peanut Distributor, and former President of the local Jaycee Club.

The winner will be selected on the basis of contributions to the general community welfare, evidence of personal or business progress.

The banquet will also honor Jaycees who have made outstanding contributions, install new officers and celebrate local founders day. The Chapter will be two years old January 13th. Featured also will be Bosses' Night to honor the bosses of all Jaycees, and the naming of an outstanding boss who will be presented with an appropriate certificate, according to Tom Logue, Bosses Night Chairman.

Mike Haas is general chairman for the Semi-Annual affair.

## KC News

Charles Poolson, Jr., Council Activity Chairman, announced that there will be a dance on January 27th with music to be furnished by the Skyliners. Those who attended the dance prior to the holidays will remember the wonderful music and can look forward toward another night of good entertainment.

About 30 members braved the cold on last Sunday to attend the early Mass and Communion. Chairman Henry Lang and his committee will be back on the telephones next month. He announced that he and his committee are formulating plans for the Lenten Season to attend church at the various Mission Churches within the County.

Charles Poolson Jr. announced that the following programs are being planned for the coming months: A Carnival Float in the annual parade sponsored by the PTA of Bay High School; a Living Rosary in May; an all-day picnic for members and families sometime in early summer.

Our sympathies are extended to the family of James Arnold who died suddenly this past week.

Nolan Kingston, Ivan Bradford and Ted Morel Sr. are reported on the sick list; Ted is at home on City Park Ave. and Nolan and Ivan are at the local hospital.

The Council will re-activate its Sick Committee and it will be under the direction of Deputy Grand Knight Curtis Matheson. Other members will be named at the next meeting.

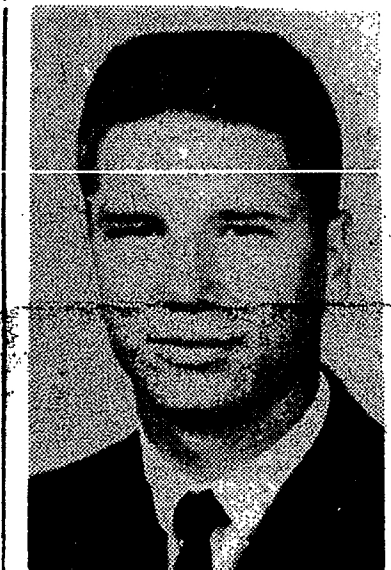

The Sam-Compretas announce the arrival of new grandson, John Satare Jr. The father, John Sr., is with the US Air Force and Stationed in Alaska. Mrs. Satare is the former Frances Compretas.

Next regular meeting of the Council will be on next Monday.

Because of the holidays and the absence of this column, several birthdays and anniversaries were not mentioned but even though a little late we extend our best wishes to Mr. and Mrs. William K. Long on December 21st; Mr. and Mrs. George E. Stettmann on December 23rd; Mr. and Mrs. Leroy E. Deane on December 24th; Mr. and Mrs. Willie Borgeola on December 25th.

Birthdays greetings to William Deane on December 23 on this date; Albert N. Gress and Nellie Gress on December 25th; Alvin Gress on December 27th; and Rev. Kevin Reid on December 28th. Completely forgot to mention the birthday of Rev. Charles Gress on December 18th. His birthday is on January 10th.

### BILL WATTS SIGNED TO PLAY WITH TULANE

Bill Watts, 6' 2" 200-pound center linebacker from Pearl River Junior College Saturday signed with Tulane University to a grant-in-aid scholarship.

It marked the fourth signing of a Mississippi gridster for the Green Wave.

Last year 11 scholarships were given to players from Mississippi. Watts, son of Mr. and Mrs. J. W. Watts, Jr. of Bay St. Louis, who will major in engineering, will transfer to Tulane January 29 in order to participate in spring training.

A straight-A student, Watts proved a defensive mainstay as Pearl River set offensive-defensive scoring records in Mississippi, remaining undefeated in 10 outings, to be rated the nation's number one junior college team.

A senior at Bay High in 1959, Watts was voted to the Gulf Coast Conference all-star squad as fullback from the school's championship club.

Friday night under the direction of Chairman W. J. Bontemps. Ex-emplification of the 1st, 2nd and 3rd Degrees are scheduled in Jackson, the date to be announced on Friday.

Mr. and Mrs. Gary Raymond returned from Des Moines, Iowa during the holidays and are visiting with Mrs. Raymond's parents, Mr. and Mrs. Carl Banderet.

For those members who have not attended recent meetings you are reminded that the Council now offers a complete insurance coverage including a hospitalization plan and Ed. Murtagh Insurance Agent for the Council, states that you will find the family plan more economical than many being offered by major companies. The K of C Plan is affiliated with the Mutual of Omaha, one of the oldest established firms. Check with Ed and he will be glad to visit with you and give you all the details.

Completion of the new reception room on the ground floor is nearing completion. The committee will meet again on Thursday night and it is hoped that the major work will be completed by then.

## Auxiliary Installs

### LOCAL LIBRARY RECEIVES GIFT OF RARE BOOKS

"My Dearest Polly," Letters of Chief Justice John Marshall to his wife with their background, political and domestic, 1779-1831, by the author, Mrs. Frances Norton Mason, was sent to Miss Louise Crawford, former librarian, as a gift for the City-County Memorial Library.

The book bears the inscription "In Memoriam to Nannie Marshall Mason Barret, whose life proved that a good Christian is a delightful personality, a joyous citizen, and a staunch patriot in the uses of true justice; a character she may well have inherited from her great-grandfather, Chief Justice of the United States, John Marshall."

"My Dearest Polly" is the culmination of many years of research into the personal life of Chief Justice John Marshall, his wife and his family.

Mrs. Barret, a former Waveland resident, Miss Crawford said was a friend of her family and was a frequent visitor at the library. She passed away in New Orleans about four years ago, and the book was sent as a gift to the library by her three daughters.

Of the book a critic writes, "A sensitive and skillful study, woven around the framework of carefully edited original letters depicting the domestic life of the great Chief Justice John Marshall, and his beloved wife Polly. Invaluable for the Virginian with his light which it sheds on the career of a deeply thoughtful man who influenced the course of American history."

## Spook Ketchum

Hunting seasons are over except for Wilson snipe which closes on January 14. Bag limit 8, and rabbits which season runs to the end of the quail season which is February 10, with dogs. However rabbits may be killed the year around with sticks.

The split season on wild turkeys starts March 31 to April 8th and April 17 to April 25. Bag limit 1 gobbler.

The hunting season has been fairly good as far as doves, rabbits and squirrels were concerned but the duck and geese hunting has been rather poor. Even marsh hens, coots and Gallinules were also scarce. As usual now that the duck season is over there are more ducks here now than during the open season. It's a great temptation to see ducks out front in the Bay and not be able to shoot them.

Nolan Ladner, the game warden, and yours truly made a trip over the county Monday the last day of the deer season and noted a number of hunters in the woods.

Albert Keller is a real hunter and gets his share of game. He hunt deer, but his specialty is turkey hunting. He is anxiously awaiting the open of the season on March 31. Good luck, Albert.

J. T. Frierson of Santa Rosa community is also an ardent hunter. Fishing comes next on his list.

With the local dove hunters who enjoyed good hunts during the last part of the season were Horace and Buck Farr, Jos. Benvenutti, Sr. and Jr., Lucien Kidd, Red Chapin, Bobby Fayard, Lacy Green and Ken McCarty. Horace said it was hard locating the

birds but the time paid off.

Seems like fishing will be off for some time. The waters are still bad everywhere. Fresh water fishing is strictly bad right now. However, as soon as the water clears, fishing should get back to normal. Let's hope so.

There is one thing to do when you can't go fishing or hunting—go to the races. Saw a number of local fans at the track last Saturday. Still waiting for the horse bet on to come in!

We are all waiting to go soft crabs and floundering. Won't be long now. Will start about the first of March. Should have a good season this year.

"Whitie" Guhman, Frank Trapani, Jerry and Mr. and Mrs. Dec Elliott had a rabbit supper Monday night. Had a hard time killing the rabbits said "Whitie."

Alden Mauffray welcomed a coming sportman last weekend. His grandson—Alden broke a couple of buttons off his shirt. Was he proud?

Now that the camping season will be on hand soon—Be a good outdoorsman.

Leave a camp clean. Make sure all fires are dead out.

Do not drive across fields. Do not destroy live trees.

And above all get permission from owners before camping on their grounds.

BE A SAFE BOATER Always wear a life jacket if you can't swim.

Do not over load your boat. Do not stand up in a narrow beamed boat.

Follow boat safety traffic rules. Leave liquor at home you might be wet enough as it is.

If in doubt about fishing laws and bag limits, go to the Court-house or your local game warden where fishing licenses can be purchased. Have your fishing licenses with you or suffer the consequences.

Trout Bait—Sterling, Colo.—D. C. Christenson, Sterling fisherman said he caught some good-sized trout in the North Sterling reservoir — using black watermelon seeds for baits. What's next?

According to our local game warden Nolan Ladner, 24 deer were killed in Hancock County this year during the second half of the split season. More on this and pictures next week.

Would be glad to instruct those wishing to learn fly fishing. 30 years experience. Ask those who know me. Dec Elliott, phone HO-7-6271. Plenty of time.

Mr. and Mrs. O. V. Glover and their three children, Edna Marie, Mary Lou and O. V. Jr. were visitor at the home of Mr. and Mrs. H. R. Turpia, 73 Pondexter, Henderson Point, Miss., for the holidays. The children had a wonderful time with bar-be-cuing and fishing. They left for home New Years day. They live in New Orleans.

### Howard Death In New Orleans, Jan. 2

Miss Bernadine A. Howard, 65, sister of William J. Howard of Clearmont Harbor, Miss., died Tuesday, January 2, in New Orleans.

Miss Howard collapsed Tuesday afternoon on her way to work and died shortly afterwards. In addition to her brother, William, she is survived by a sister, Mrs. I. J. Regusa, and two brothers James and Mathias Howard all of New Orleans.

Funeral service were conducted at 11 o'clock last Thursday from the funeral home of Pat J. McMahon-Coburn Company with religious rites in St. Anthony of Padua Church. Interment was in St. Patrick's Cemetery No. 2.

## University of Mississippi Among Schools Granted NSF Grants For 1962

UNIVERSITY, Miss.—The University of Mississippi is one of three institutions of higher learning in the nation to be awarded National Science Foundation grants for 1962 summer institutes for college teachers in the field of psychology.

These grants are a milestone in the growth and development of psychology as a science, said Dr. William A. Wilbanks, associate professor of psychology, who will direct the Mississippi Institute.

Each of the psychology institute sponsored by the NSF—at Ole Miss, State University of Iowa and Beloit (Wis.) College—will have a specific objective in the training of college teachers, said Dr. Wilbanks. Here, for instance, approximately 20 junior and 10 senior college teachers will be selected to participate in the program, which begins on June 7 and ends on August 18.

Applicants for the institute here must have taught or have been assigned to teach one or more courses in psychology in a junior or senior college. Although applicants will be expected to hold a bachelor's degree, it is not required that the major field of study have been psychology, Dr. Wilbanks noted. Preference will be given to teachers whose training in psychology is scanty.

The basic courses of the program have been designed to assure participants not only of a sound body of scientific knowledge of human behavior, but also a systematic way of viewing psychological phenomena," he said.

The teaching staff of the institute will be chosen from the graduate faculty of the Department of Psychology. Participants

will take course work directed towards fulfilling academic requirements for the Master of Arts degree in psychology.

Ole Miss will receive \$47,000 from the National Science Foundation for support of its summer program in psychology. Institute participants will receive stipends of \$795 for the almost 10½ week program, plus dependency and travel allowances.

Registration, general activities and other required fees will be paid by the institute.

All participants will be required to reside in the Oxford-University community throughout the institute period; Dr. Wilbanks noted. Single students will be housed in specially designated dormitories. Married participants who wishes to bring families to the campus may obtain dormitory rooms or apartments.

Applications should be submitted immediately to: Dr. William A. Wilbanks, Director, Summer Institute in Psychology, The University of Mississippi, University, Miss. Stipend applications must be postmarked not later than February 15, 1962, to guarantee consideration, it was pointed out.

### Good Time To Check On Farm Machinery

The winter lull affords a good opportunity for Mississippi farmers to check their machinery and equipment for possible sources of danger before the spring planting season and field work gets under way. Improper adjustment of equipment and machinery often is at least a secondary factor in accidents, injuries and subsequent loss of working time during busy seasons.

## New Blackberry Yields Big Crop of Fine Fruit

STATE COLLEGE, Miss.—A new blackberry, which has produced fruit at the rate of about two tons per acre, is being released by plant breeders. It is available in such limited supplies that, for the present, distribution is restricted to nurseries who will agree to propagate it.

Dr. J. B. Overcash, Experiment Station horticulturist, says, plants should be available to growers in the fall of 1962 or later. The blackberry originated from a cross made in 1939, and it has been tested extensively in North Carolina and in Mississippi.

Williams ripens in late June, producing glossy black berries of good size and firmness. The flavor is acid with good dessert quality. Plants are vigorous; new primary canes are often 8 to 10 feet long by mid-June. They are disease resistant and may be grown on a trellis or in hedge rows.

At State College, the ripening season extended from June 12 to July 12, 1961. Yields were calculated at 3,930 quarts per acre, which was higher than any other variety in the test.

The Department of Horticulture at Mississippi State University will have a limited stock of plants available about February 1 for distribution to cooperating nurseries for propagation purposes. The new variety is expected to be good for use in home gardens for local berry markets.

Steel towers will replace all but two of the Coast Guard's 24 lightships now in use near U. S. shorelines. This will end a 140-year tradition. Towers will be supported by "legs" of steel tubing filled with concrete, which will burrow 200 feet into the ocean floor.

**CATTLE LIXE**  
Lixe are beginning to take their annual toll from cattle. These pests cause your cattle to lose weight and weaken them. They cost you in extra feed and loss of gain in your cattle. They are not hard to control. Spraying is recommended for best results. Many farmers say they do not want to spray cattle in cold weather, but do not hesitate to leave the cattle out in cold rain. Entomologists say go on and spray. Read all directions before using insecticides.

**DAIRY RECORDS**  
Trying to run a dairy without records is like walking in strange woods without a compass. It is risky business.

Here are just a few things that records tell you: Which cow is best and which to sell. How much to feed each cow. Which cow to save replacement heifers from for the future herd.

**AGRICULTURE IS HEALTHY**  
Everybody knows that the nation is blessed with an abundance of variety and high quality of food. But what about the cost? The average American spends only around 20 percent of his free-to-spend income for food. That is more than two percent less than he spent in 1939!

The Russian people spend an average of 56 percent of their income for food. The surplus of some agricultural

MANY PEOPLE seem to think that every savings and loan association is insured by the Federal Savings and Loan Insurance Corporation. This is not the case.

SAVINGS and loan associations have a great responsibility to keep funds entrusted to them safe and available at all times. The Federal Home Loan Bank System, including insurance of accounts, has done a great job throughout the country for the last 25 years in keeping insured associations running smoothly.

WE THINK it advisable to place your savings only with insured institutions.

WE HAVE been instructed to publish this message of public interest and to urge insured member associations to use it in connection with their own programs to explain the role of the Federal Home Loan Bank System.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Proverbs	12	6-9
Monday	Proverbs	16	1-4
Tuesday	Isaiah	55	6-11
Wednesday	Jeremiah	29	10-14
Thursday	Psalm	119	8-16
Friday	Philippians	4	1-7
Saturday	1 Peter	5	6-13

What is she thinking about, as she watches the flickering candle flame? There is a far away look in her eyes that makes one wonder. Yet, if she were offered a penny for her thoughts, she would probably only shrug and say, "Oh, nothing," in that maddening little way children have.

Watching her absorbed in her reverie is like an illustration of how closed one mind is from another. No one can ever know completely what another person is thinking. A thought expressed out loud all too often leaves something out of the telling. And most thoughts are never expressed at all.

Even should we wish to, we cannot entirely share our minds with one another. But we can share them with God. In the Church we can find the way to tell Him all our hopes, our fears, our loves, our angers, our pride, our pain.

Go to church this Sunday—and turn your own thoughts into prayer.

## HEALTH WEEK FOR FEBRUARY

Mrs. Otto Mollere, State Health Education Chairman, announced this week that National Children's Dental Health Week will be held February 4-10.

A poster contest, sponsored by the Mississippi Women's Dental Auxiliary will with the assistance of local, district and state associations, be held for children, fifth and sixth grades. Letters stating regulations and rules for the contest, Mrs. Mollere said, have been mailed to teachers of the seven participating schools. Entries, she added, must be submitted through the schools by January 25 as deadline for entries. A poster will be selected from each of the schools, and a prize will be awarded for the three best. The winners of the contest will be sent to the district judging which will be conducted the first week in February. The state judging will be in June.

Prizes for local winners listed by Mrs. Mollere, which will be on display in Ramsey's Department Store window, are a travel alarm clock for first prize, a Mark 6 camera with flash attachment, second; and a Shaeffer pen third prize. District prizes will be \$10, \$5 and \$3 and State prizes \$25, \$15 and \$10.

Mrs. Mollere stated there were a number of entries last year, but she is hoping for a greater response this year because of participation of more schools.

Mrs. Mollere is being assisted with the county contest by Mrs. B. L. Ramsey.

### MISSISSIPPI'S MEDICAL CORRECTION PROGRAM ON REVIEW AT CONFERENCE

Let's Talk Mississippi got a big boost in Atlanta recently at a six-state regional conference staged by the Children's Bureau.

Mississippi's unique Medical Correction Program was on review as an example of a school health service available nowhere else in the nation.

By special invitation of the regional medical director of the Children's Bureau, Dr. N. C. Knight, Medical Director of the Mississippi School Health Service, described how each year more than 10,000 children are given a better chance for optimum health.

Credit for initiating the humanitarian program goes to Dr. Knight, who was concerned about the large number of children with physical defects that went uncorrected from year to year—worsening all the time. He knew by experience something of the frustration of the teachers and local health officers and nurses who "found" these children, but had no provision to follow through on needed medical treatment. For children with orthopedic and heart defects, there was aid from the Cripple Children's Service. For blind children, corrective surgery and glasses, when indicated, were available from the Division of the Blind.

For children threatened with tuberculosis, there was for a limited number the Preventorium.

But for the majority of the state's children with numerous other physical defects that medical science could ameliorate, there was no existent program. Many of these children came from families not on the welfare rolls— from families termed as "medically indigent," because parents could provide the necessities of daily life but could not afford the expense of surgery, hospitalization, or medical treatment.

To do something about this situation, Dr. Knight proposed a plan to the State Health Officer whereby the State Legislature would provide funds to be used for the correction of medical defects of children of medically indigent parents, when matched by local funds on a dollar for dollar basis. The plan was approved by

## Peppermint Lounge Story Told In "Hey Let's Twist!"

Beginning Wednesday, January 17 at the Legion Theatre will have on its screen the fantastic story of how, almost overnight, New York's Peppermint Lounge came to be the newest, wildest, dance rendezvous of society, the intelligentsia and the college set.

It's all told in "Hey Let's Twist!" and told with the same headlines who perform nightly at the Lounge—Joey Dee and the Starliners, and the twisting Peppermint-Loungers. In addition, there is a great supporting cast which includes pert and pretty Jo-Ann Campbell, recording star, who has appeared in many top TV shows; nightclub entertainer, Teddy Randazzo; Zohra Lampert, currently featured in "Splendor in the Grass," Kay Armen and stage star Dino Di Luca.

"Hey Let's Twist!" was actually filmed at the Lounge which has earned for itself the apt description, "The Temple of the Twist." The Lounge is a small place off Broadway on West 45th Street and it is filled nightly to capacity, with people waiting outside clamoring for admission. Society folk mingle with teenagers, trying to out-dance them; many people just come to watch and many return home frustrated because they couldn't get into the Lounge.

"Hey Let's Twist!" is more than a camera-eye-view of the famous Peppermint Lounge. It is a warm, sympathetic story of a father trying to put his sons through college on the non-existent profits of a small Italian restaurant near Broadway, and it tells how the boys not only turn the place into the money-making Peppermint Lounge, but find romance as well.

"Hey Let's Twist!" has six numbers featuring the twist, played and sung by Joey Dee and the Starliners, and danced by the Peppermint Loungers. It was produced by Harry Komm and directed by Greg Garrison from an original screenplay by Hal Hackady.

Coming to the Legion Theatre, Sunday, Monday and Tuesday, Gulfport.

MOTION LOST — MARTHA

On Monday, January 8th, 1962, there appeared before the Board of Supervisors, Representatives of the Forest Service of the State of Mississippi.

It was brought to the attention of the Board, by the Representatives herein mentioned, that a large number of trees had been unlawfully cut, on the Sixteenth Section lands belonging to the schools of the County.

The Board believing that the interest of the schools of Hancock County should be protected and that because of the large sums of money spent by the County in reforesting the Sixteenth Section lands belonging to the County, that all means at their disposal should be used to combat these unlawful acts.

The Forestry representatives assured their fullest cooperation to the Board in the enforcement of the laws against cutting trees of any kind from Sixteenth Section lands.

The Public is therefore notified, through this method, that the Board of Supervisors will do all in their power to protect these lands from this type of abuse. The Board of Supervisors ask the cooperation of all of the people in this undertaking and sincerely hope that there will be no further cutting of trees on Sixteenth Section lands belonging to Hancock County.
